

**Report to Executive Committee
Georgia Tech Student Chapter
February 15, 2016**

The Georgia Tech chapter has been inactive since our last report to EC. We attempted to have two meetings and elect new officers with no one attending the meetings other than the current officers. We have sought help in several places, but no one is interested.

We are in desperate need of new officers to take over the chapter. We lost two previous officers to graduation, and the remaining three are finishing their PhDs and can no longer serve.

We have been in contact with the Southeast chapter for assistance in re-invigorating our chapter, and also to work on setting up a student social for the annual meeting this coming July in Atlanta.

Elections/Current Officers:
